

## NEWS OF THE DAY.

"To show the very age and body of the times."

George Peabody, the eminent London banker, visited Phillips Academy, N. H., on Wednesday, and briefly addressed the boys. He remarked that he had never had the advantages open to them, for he had not been at school since he was ten years old. Many and many a time he would have cheerfully given half his fortune for the sake of an education.

A series of forgeries have been perpetrated on certain Banks in New York within the past week to an amount exceeding seventeen thousand dollars. A young man named Urwick has been arrested on the charge of being an accomplice, but the principal agent in the business, a man named Durand, is still at large.

The Philadelphia Press of Saturday says: Our figures give Geary 17,125 majority, the returns from twenty-five of the sixty-two counties being official. We do not think the majority will be increased. Our table is very carefully made up from the latest data, and may be relied on.

The Memphis papers of the 9th instant, contain an account of an attempted insurrection of negroes upon one of the plantations on the Mississippi river in that vicinity. The preparations were, fortunately, discovered in time to prevent the consummation of the outrages contemplated.

A delegation of Poles, understood to represent a considerable number of Polish families, arrived in Baltimore on Saturday, and visited Governor Swann, to whom they presented a petition of some length in reference to a plan for their settlement.

The third public session of the Plenary Council of the Catholic Church was held yesterday morning at the Cathedral, in Baltimore, the throng in attendance being very large, densely crowding the sacred edifice.

Charles H. Boone, a promising young lawyer, of Parkersburg, West Virginia, died suddenly last week. It appears he took a dose of medicine, which, by some mistake, unfortunately proved to be a deadly poison.

It was rumored at New Orleans on Saturday last that Governor Wells, of Louisiana, had secretly issued or was about to issue a proclamation removing all the sheriffs appointed last spring and appointing others in their places.

A gang of six men robbed the railroad office and store at South Union, Kentucky, last week, taking about \$1,300, of which \$800 was in specie, and also a large lot of dry goods.

The indictment for treason against the Hon. S. F. Bullitt, in the U. S. Court at Louisville, was quashed on Saturday last, the United States Attorney entering a *nol. prosequi*.

There are on file in the War Department about forty thousand applications for position and promotion in the army.

Hon. J. M. Mason and family, late of Virginia, will spend the winter at Toronto.

## LATEST FROM EUROPE.

We have advices from Europe to Saturday by the cable. The differences between Saxony and Prussia have been at length amicably adjusted.

By the arrival of steamers from Liverpool and Southampton we have advices to the 5th instant. Messrs. Glass & Canning, the manufacturers of the cable, Captain Anderson, of the Great Eastern, and Professor Thompson have received the honor of Knighthood.

Baroness de Bunsen has also been conferred upon Messrs. Sampson & Goeh. The Queen would have conferred the same honor upon Mr. Cyrus W. Field but for the fear of encroaching upon the province of the Government of the U. S.—It is reported that the recent rains in England have proved very disastrous to the wheat crop. Woolwich Arsenal had been destroyed by an explosion of gun cotton. No lives were lost. Great damage has been done in France by the floods. The Emperor has headed a subscription for the relief of the sufferers.

Garibaldi has returned to Capri, and the Italian volunteer force has been disbanded.—The King of Hanover has protested to all the Cabinets of Europe against the annexation of Hanover to Prussia. The insurrection in Candia was still progressing. The French Minister has protested against Turkey ceding any ports in the Gulf of Egea to America or Russia. There is said to be greater irritation than ever against Prussia in high circles in France. The revolt in Candia was still in progress, and two more battles had taken place in which the Christians had been victorious.

THE CIRCUS NUISANCE.—There is no greater nuisance than these circuses which are roaming over the South. They are just another Federal tax. We know of three of these concerns now travelling in the Southern States. Between them and the United States Tax Collectors all the money we have is gobbled up. The Fredericksburg News says: Dan Castello's show, of which the pictorial advertisements are so grand, is a great humbug. Our people have got no money to spend on circuses. If Lynchburg should finally succumb to the financial pressure, her epitaph will be: "Died of Circuses and other Shows."—*Charlottesville Chronicle*.

## MARRIED.

On the 11th inst. by the Rev. N. H. Schenck, WILSON C. CARL, of Charlottesville, Va., and SUSAN, daughter of the late Andrew P. Henderson, of Baltimore.

## DIED.

At her father's residence, Upper Marlboro, Md., on Wednesday morning, 10th instant, SARAH ELEANOR HARDESTY, youngest child of Eleanor and Edward W. Belt, aged 20 months, (save three days.)

A man named Flint, a Washington correspondent, is the person who furnished the statement relative to the reported interrogatories put to the Attorney General by the President, concerning the "legality" of Congress. He professes to have obtained his story from reports by other people.

Quite a number of cases of cholera, and several deaths from that disease occurred in Baltimore, last week. Yesterday 20 cases were sent to the hospital.

On Saturday evening the Louisville Theatre was totally destroyed by fire. The loss is estimated at \$70,000. There was an insurance of \$10,000.

Brownlow has arrived at his home in Nashville, Tenn. What mischief he will next be engaged in, is not known.

## VIRGINIA NEWS.

In the Circuit Court of Rockbridge, at its last session, in the Lucas case, Moore, Attorney for the Commonwealth, spoke 3½ hours; he was followed by Gov. Letcher in a speech of 5 hours; Letcher by Dorman, for Commonwealth, in a speech of 4½ hours; Dorman by Brockenbrough in a speech of 11 hours. Moore concluded the argument in a speech of 3½ hours. The jury retired for 30 minutes and could not agree, having listened to 27½ hours speaking.

The Court of Appeals has refused to grant a writ of error in the case of the Commonwealth vs. Paul, the agent of the New York Underwriters' Association, who was fined \$50 by a Petersburg court for carrying on insurance business for foreign companies which had not complied with the provisions of the act of the last Assembly, requiring the deposit of \$50,000 of State stock with the State Treasurer by foreign Insurance Companies.

On Sunday last, a young Mississippian named Johnson, a law student at Lexington, shot and killed a negro man at that place. He immediately left and was pursued by the officers to Staunton, where he eluded them, but was arrested near Fishersville, on Wednesday last, and is at present confined in jail.

"Lieut. Gov. Cowper" had some difficulty in Portsmouth on Tuesday, with a negro who refused to give way to him on the sidewalk. The negro threw a brick at the Lieutenant-Governor and he returned the blow with a bar of iron, sprawling the dusky maiden, and drawing the claret pretty freely.

"Miss Mary Jane Masters committed suicide by hanging herself to the limb of a tree, near her mother's house, two miles from Warm Springs, on the 20th of September. It seems that she had been in delicate health for some time and greatly excited upon the subject of religion.

A dispatch dated at Richmond on Saturday says:—"The floods and serious damage to the railroad will cause a suspension of travel between this city and Washington for two or three days. On the Richmond and Fredericksburg road the culverts were washed away.

A dispatch dated at Richmond yesterday says:—"The order issued by the Board of Health a few weeks since prohibiting the introduction of fish, oysters, and clams, on account of the prevalence of the cholera, has been revoked.

During the storm of Wednesday James Danson in Fredericksburg was struck by lightning, and has not spoke since. He was fixing the water spout of his house, which doubtless acted as a conductor. His wife, standing by him, was unhurt.

Mr. James Caskey, one of the oldest and most respected citizens of Richmond, and formerly President of one of the largest and oldest of the State Banks, died in that city, last week.

The Fredericksburg News says:—"On Friday morning, 5th inst., there was ice near Potomac Run Bridge, in Stafford county."

On the Orange and Alexandria road the bridge at Beaton is swept away. The James river is much swollen by the recent rains.

Dr. Hancock, an eminent physician of Richmond, died in Albemarle county, last week.

Letter from Prince William County, Va. [Correspondence of the Alexandria Gazette.]

BRENTSVILLE, Oct. 12.—The Fall term of the Circuit Court for Prince William, Judge Thomas presiding, adjourned last night after a four days session. The grand jury found only one indictment—for common assault and battery—a fact which speaks well for the peace and good order of the county. The sternness with which the horse thieves were dealt with at the preceding term seems to have had a salutary effect in the suppression of crime generally.

The proper punishment for violations of the penal law, which Prince William juries are certain to administer, compels the malefactors to seek other theatres of exploit in their vocation. The principal time of Judge Thomas' Court was consumed in the trial of Franklin Taylor for the murder of Wm. Long in Dumfries last Fall. The prosecution was ably conducted by Col. Aylett Nicol, Commonwealth's Attorney, assisted by Col. J. S. Mosby; and the defence by Gen. Eppa Hunton, John M. Forbes and B. H. Shackelford. The jury found the prisoner guilty of murder in the second degree, and fixed the term of his confinement in the penitentiary at nine years. The Judge, Commonwealth's Attorney and bar, however, recommended him to the Executive clemency for a reduction of the punishment to the measure of manslaughter, and four years imprisonment.

The heaviest rainstorm known to the oldest inhabitant is raging here unabated. The streams are swollen beyond anything ever seen before in this locality. The bridge over Cedar Run, below this place, has been swept away by the flood, and not a vestige of it is to be seen.

The papers which have reached us tell of the Radical successes in the late elections! Well! The South has no policies now. We calmly, and we trust with dignity, await the march of events. All is not lost if the field be lost. We have shown our most implacable enemies how our people can be courageous in action, and we have now perhaps, in the sad procession, of which we should be a part, to the grave of civil and constitutional liberty, to give the world an example of a people's fortitude in disaster and persecution. PERSONNE.

WHITE KID GLOVES. COLORED KID GLOVES. Just received a full line of above goods for ladies and gentlemen, of superior quality.—Each pair warranted. For sale by CHARLES W. GREEN, No. 19, North Fairfax st.
